Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr. Mortimer explained the function of the book in light of the newly added claims. It was noted to Mr. Mortimer that the claims as presently provided continue to fail to better define the structure of the book. It was suggested that Mr. Moritmer submit a Supplemental Amendment to better and more clearly define the structure of the book, the location of the engagement locations and the presence/absence of cutouts in the sheets. Mrs. Carter stated that the application will be redocketed to another examiner as the previous examiner is no longer with the Patent Office.
